

Optigo[®] Lender Roadmap

June 2023

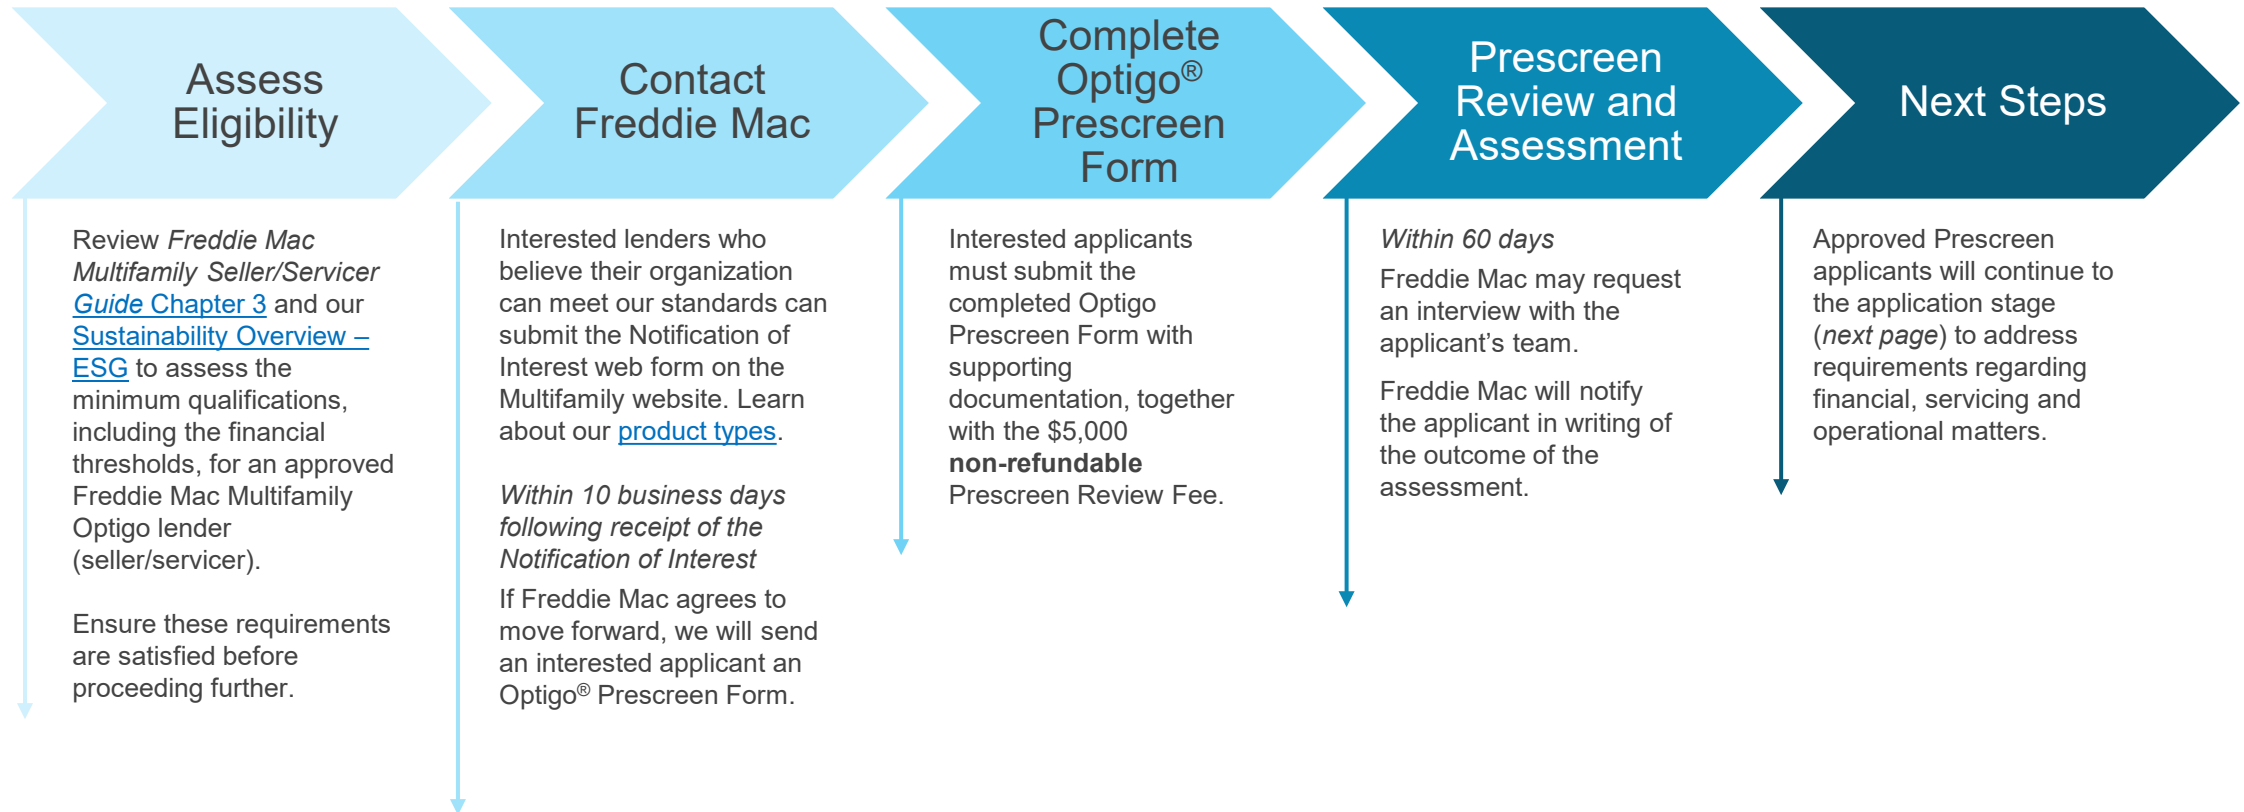

Thank you for your interest in becoming a Freddie Mac Multifamily Optigo® lender (seller/servicer). We hope you find this Roadmap helpful.

Please note that the submission of interest window is between January 1 and September 30 of each year, with approved lenders announced in the second quarter of the following year. Freddie Mac's decision to enter into a Multifamily seller/servicer relationship with any lender is at Freddie Mac's sole discretion.

Although an applicant may satisfy Freddie Mac's multifamily sustainability measures and eligibility criteria, and/or any other criteria relevant to specific products or program, it does not guarantee approval as an Optigo lender and prospective applicants should not expect to be approved automatically.

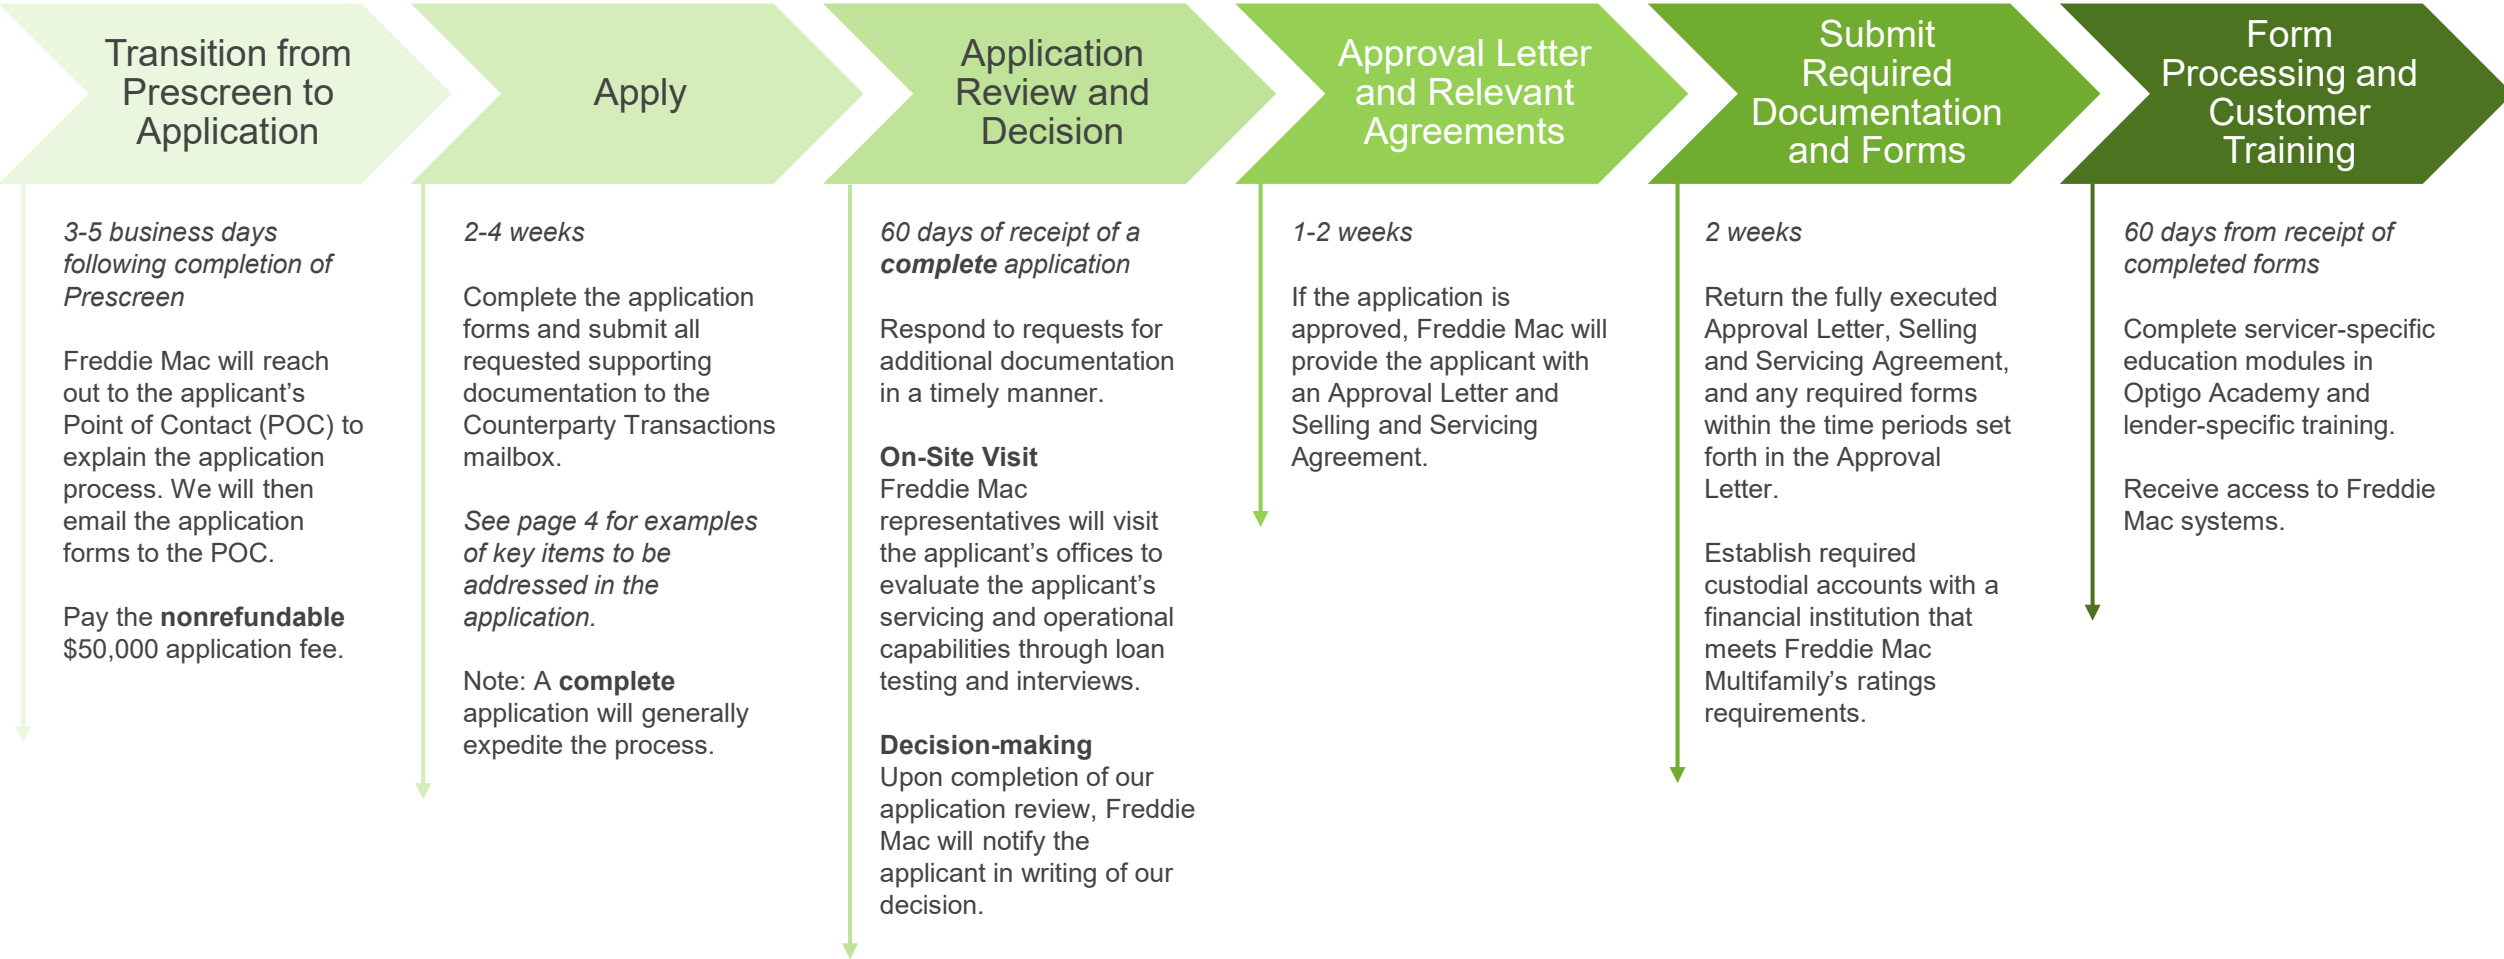

Our Roadmap describes the two primary phases: our Prescreen Process and the Application Process.

Prescreen Process

Note: All time frames are estimates only and actual time frames may vary.

Application Process

Note: All time frames are estimates only and actual time frames may vary.

Application Process

The following are examples of key items that will be requested during the application process:

- Description of your business plan and ability to scale
- Resumes of key principals, managing executives and key personnel along with a proposed employee organizational chart
- Historical origination and servicing volumes for the relevant product types
- Evidence of fidelity bond and errors and omission coverage to meet Freddie Mac requirements
- Description of corporate and individual ownership and ownership charts containing the applicant up through the applicant's ultimate parent
- Latest three (3) years of audited financial statements of entity and financial statements from the last five (5) quarters
- Financing arrangements, including proposed warehouse financing agreements
- Comprehensive multifamily origination, underwriting, servicing, and asset management policies and procedures
- Evidence of a robust servicing technology platform with the ability to manage, analyze and report on loan data
- Anti-fraud, information security, and vendor risk management policies and procedures
- Business continuity, technical resiliency and disaster recovery plans along with evidence of recent testing and results
