Counterparty Transactions

Mitigate counterparty risk to Freddie Mac by implementing consistent and rigorous assessment methodologies as part of Applications, Organizational Changes, and the Third Party Risk Program. Provide exceptional external and internal customer service and achieve efficiencies in CCM through digitization and automation.

Servicer Compliance

Manage pre-securitization and post-securitization risk related to the purchasing and servicing of Multifamily loans. Review, monitor and report on counterparty compliance, including the Guide and PSA requirements. Maintain the Master & Special Servicer ratings; manage reviews and data submissions.

Audit

Manage the Operational and Legal counterparty risk involving seller/servicers (pre-securitization) and Primary Servicers (post-securitization) for the purchase, servicing and securitization of Multifamily loans in an effective and efficient manner.

Counterparty Credit Risk Management

Manage counterparty credit risk by assessing, monitoring and reporting on counterparties' creditworthiness based on their financial strength, exposure and capacity to fulfil their contractual obligations with Freddie Mac

Guide & Counterparty Data Security

Manage the Seller/Servicer Guide, requirement updates and experience. Influence and support MF counterparty risk management and mitigation by handling and tracking MF counterparty data security incidents.
