

# Small Balance Loan Program Overview (SB-Deals®)

**Investor Presentation** 

As of December 31, 2023

# **Small Balance Loan Program | Key Facts**

We have securitized 15,437 loans totaling \$41.4 billion through our SB Certificates®

#### **Investor Highlights**

- FRESB deals are not rated and are generally issued by a thirdparty trust
- Freddie Mac purchases and aggregates individual loans from lenders and securitizes pools of approximately \$225 million or more
- Entire flow, from quote through post-securitization monitoring, leverages K-Deal<sup>®</sup> processes
- SB-Deals® have a separate "SBXX" designation on the FRESB shelf, consistent with other existing non-K-Deal securitizations (such as M-Deals<sup>SM</sup> and Q-Deals<sup>SM</sup>)
- FRESB deals are highly mission driven and are a rich source for potential Community Reinvestment Act (CRA) credit

#### **Focused Expertise and Results**

- Dedicated professionals work within our Multifamily Production,
   Underwriting, Capital Markets, and Asset Management & Operations groups and focus solely on SBL
- We have a specialty network of 12 <a href="Optigo® SBL lenders">Optigo® SBL lenders</a> with extensive experience in the SBL market who source small balance loans across the country
- As of December 2023, we have securitized 15,437 loans, which benefited 566,986 apartment units and totaled \$41.4 billion in volume
- In 2023, we settled seven SB securitizations backed by \$1.9 billion of collateral comprising 659 loans

## **SBL Program | Mechanics and Features**

Freddie Mac Multifamily generally refers to SBL as loans between \$1 million and \$7.5 million, although in the commercial real estate market "small loans" can often refer to loans of less than \$15 million. Certain regulatory agencies refer to small loans as having 5-50 units.

- We offer 5-, 7- and 10-year fixed-rate balloon products as well as 20-year hybrid balloon mortgages with 5-, 7- and 10-year initial fixed-rate periods followed by floating-rate SOFR with six-month reset periods
- Partial-term interest only (IO) and full-term IO may be available
- Originated and serviced through Optigo SBL lenders
- Efficient due diligence process with focused underwriting and commitment execution

- Competitive, transparent pricing
- Streamlined non-negotiable loan documents
- Available in all markets
- Cash-out proceeds may be allowed
- Credit and underwriting standards consistent with Freddie Mac Multifamily Conventional line of business
- Freddie Mac is the Master Servicer postsecuritization

# **Sourcing Our SBL Business**

The dedicated SBL
Production team sources its
loans from a select group
of 12 experienced
multifamily lenders

- The small size of the SBL network promotes quality originations and a high level of service to lenders and borrowers
- Lenders must meet our standards for both origination and servicing loans, which include meeting minimum financial requirements and obtaining satisfactory annual audits

# **SBL Terms | Prepayment Provisions**

### Prepayment varies by term but offers both step-down or yield maintenance provisions for all products

|                |                | Hybrid ARMs <sup>1</sup> |                  | Fixed-Rate |              |              |
|----------------|----------------|--------------------------|------------------|------------|--------------|--------------|
| Option         | 5+15 Year      | 7+13 Year                | 10+10 Year       | 5 Year     | 7 Year       | 10 Year      |
| 1              | 54321, 1%      | 5544321, 1%              | 5544332211, 1%   | 54321      | 5544321      | 5544332211   |
| 2 <sup>2</sup> | 321(3), 1%     | 3(2)2(2)1(3), 1%         | 3(3)2(3)1(4), 1% | 321(3)     | 3(2)2(2)1(3) | 3(3)2(3)1(4) |
| 33             | (YM or 1%), 1% | (YM or 1%), 1%           | (YM or 1%), 1%   | YM or 1%   | YM or 1%     | YM or 1%     |
| 4              | 310(3), 0%     | N/A                      | N/A              | 310(3)     | N/A          | N/A          |

<sup>&</sup>lt;sup>1</sup> Hybrid ARM consists of initial fixed-rate period followed by floating-rate period. The hybrid floating-rate coupon is based on 30-day Average SOFR + 325 margin. Every six months, the floating rate may increase or decrease by up to 1%, with a maximum lifetime cap equal to the initial fixed rate +5% and a lifetime floor equal to the initial fixed rate

Note: All prepayment options are open for prepayment without premium for three months prior to maturity. Hybrid ARMs can be prepaid without payment of a prepayment premium if prepaid during the floating-rate period using the proceeds of a Freddie Mac loan that is the subject of a binding purchase commitment by Freddie Mac or as the result of the property to an unrelated third party in an arms' length transaction. Pricing varies by prepay type.

<sup>&</sup>lt;sup>2</sup> Prepay description: e.g., "321(3), 1%" refers to 3% for year 1, 2% for year 2, 1% for the next three years, then 1% during the remaining floating-rate period

<sup>&</sup>lt;sup>3</sup> Higher of yield maintenance (YM) or 1% during fixed-rate period; 1% during floating-rate period

SB-Deals Securitization and

Structure - Fully Guaranteed

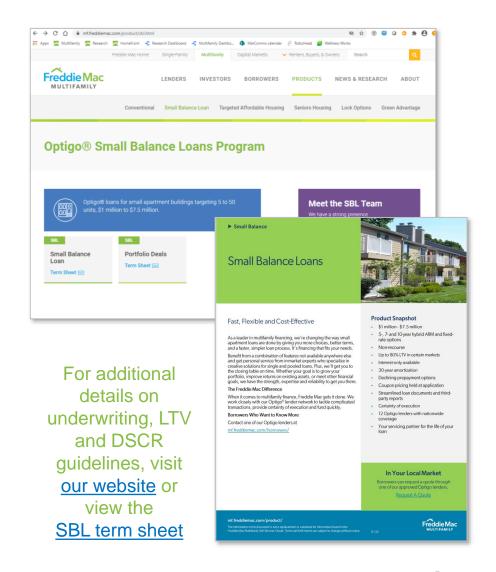

## **SBL Mortgage Guidelines**

### **Property Type**

- Conventional multifamily housing with five or more residential units
- Section 8 vouchers and tax abatements
- Properties may include commercial income
- Not allowed: Seniors Housing, Student Housing (greater than 50% concentration), military housing (greater than 50% concentration) and properties with Low-Income Housing Tax Credit (LIHTC) and/or Land Use Restriction Agreements (LURAs) (except those in the last two years of the initial compliance period or in the extended use period)

#### **Loan Terms**

- 20-year Hybrid ARM structures of 5-, 7- or 10-year initial fixed-rate period followed by floating-rate SOFR with six-month reset periods
- 5-, 7- and 10-year fixed balloon loan terms
- Maximum amortization of 30 years for both hybrid and balloon products
- Partial-term IO; full-term IO may be available
- Credit parameters consistent with Freddie Mac Multifamily conventional business
- Floating rate based on 30-day Average SOFR plus margin, subject to the periodic cap, floor and lifetime ceiling
- Prepayment fee varies by term but offers both step-down or yield maintenance provisions for all products

## **SBL Market Credit Alignment**

|                        | DSCR/LTV Baseline       |                     |  |  |
|------------------------|-------------------------|---------------------|--|--|
|                        | Minimum Amortizing DSCR | Maximum LTV         |  |  |
| Top SBL Markets        | 1.20x                   | 80%                 |  |  |
| Standard SBL Markets   | 1.25x                   | 80%                 |  |  |
| Small SBL Markets      | 1.30x                   | 70% for Refinances  |  |  |
| Very Small SBL Markets | 1.40x                   | 75% for Acquisition |  |  |

|                                  | Full-Term IO Adjustments* Full-Term IO or IO during Fixed-Rate Period of Hybrid ARM |             |  |  |
|----------------------------------|---|-------------|--|--|
|                                  | Add to the Baseline   | Maximum LTV |  |  |
| Top and Standard SBL Markets     | 0.15x   | 65%         |  |  |
| Small and Very Small SBL Markets | 0.10x   | 60%         |  |  |

# (\*) Maximum available partial IO period for Small and Very Small SBL Markets is generally limited to:

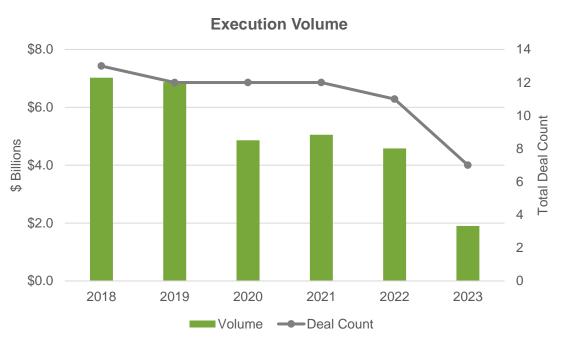

- Zero (0) years on 5-year term
- One (1) year for a 7-year term
- Two (2) years for a 10-year term/20-year hybrid

# Alternative measures explored to secure applications when LTV/DSCR adjustments are necessary based on competition in market:

- · Maintain static principal payments
- Shorter amortization
- Reduce IO period during fixed-rate term
- Use of some base recourse

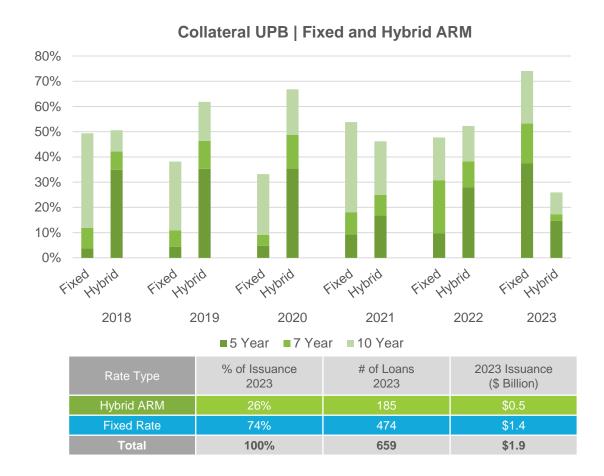

## **SB-Deal Securitization Volume**

| Year                           | 2018  | 2019  | 2020  | 2021  | 2022  | 2023  | Program<br>Total |
|--------------------------------|-------|-------|-------|-------|-------|-------|------------------|
| SB-Deal Volume<br>(\$ Billion) | \$7.0 | \$6.9 | \$4.9 | \$5.1 | \$4.6 | \$1.9 | \$41.4           |

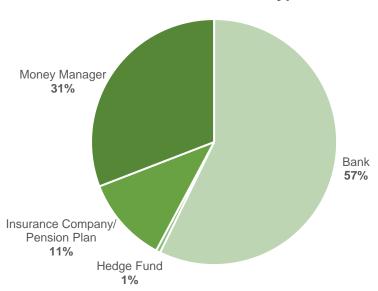

Note: SB-102 through SB-104 are fully guaranteed transactions.

## **Historical Investor Participation**

Since the SB-Deal program inception in 2015, the investor base has remained active:

- 602 investors historically with 55 participating in 2023
- Average of 39 different accounts per transaction historically, with 25 per transaction in 2023
- 13 subordinate investors historically, with three participating in 2023

#### Investor Participation<sup>1</sup>

<sup>&</sup>lt;sup>1</sup> Data reflects senior bond allocations for all deals closed in the life of the program. Data as of 12/31/2023 Small Balance Loan Program (SB-Deals)© Freddie Mac Multifamily

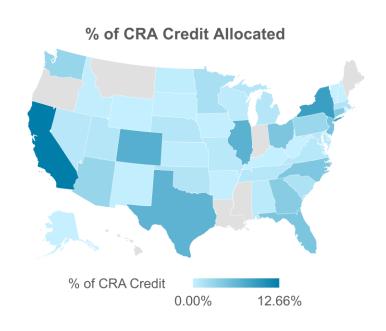

# **SB-Deal Program | Community Reinvestment Act (CRA)**

## Since 2017, we have allocated \$4.4 billion of SB-Deal investments to investors seeking to meet their CRA needs1

- Our nationwide lending footprint provides investors the opportunity to meet their CRA needs with investments in properties across all 50 states
- SB-Deal investors have sought credit in 45 states

# **Typical SB-Deal Issuance Timeline**

#### **Credit Enhanced SB-Deals**

Internal Pool Preparation

2 weeks

Preliminary Due Diligence

1 - 2 weeks

Full Due Diligence
5 - 6 weeks

\_\_\_\_

Marketing / Placement

1 - 2 weeks

Closing/Settlement
1 - 2 weeks

Surveillance Ongoing

Identify pool collateral

- Pool preparation including data tapes, asset summary reports and mortgage files
- Subordinate investors perform preliminary due diligence
- Subordinate bond investor selected
- Perform accounting and legal due diligence
- Select trustee (Freddie Mac is Master Servicer)
- Finalize exceptions to representations and warranties
- Finalize preliminary offering documents (OC, PSA, term sheet)

- Broker-Dealer announces transaction
- Respond to investor inquiries
- Launch and price securities

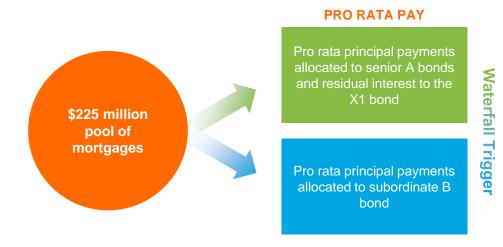

- Prepare for closing
- Finalize offering documents (OC, PSA, MLPA)
- Settlement
- Mortgage files transferred to trustee and Master Servicer

- Serve as Master Servicer and guarantor
- Surveillance
- Review and clear trustee exception reports

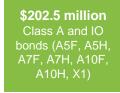

## **Structure and Waterfall Overview**

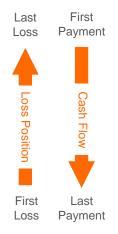

The SB-Deal structure mirrors the typical floating-rate K-Deal pro rata structure<sup>1</sup> with senior Freddie Mac guaranteed A bonds, a single Freddie Mac guaranteed interest-only bond (the X1) and a single subordinate bond<sup>2</sup>

#### **CASH FLOW WATERFALL ILLUSTRATION**

| Class or Fee                             | Weight | Rate                           | Remaining<br>Interest |
|--|--------|--------------------------------|-----------------------|

| X1 Coupon                                |        | 0.15%                          | 0.00%                 |

<sup>\*</sup> Primary servicing, master, trustee, etc.

The securitization will switch from pro rata to sequential pay if a Waterfall Trigger Event occurs. The trigger events are:

- The unpaid principal balance (UPB) of the collateral (excluding specially serviced loans) is less than or equal to 15% of the initial pool balance
- The aggregate 60-day delinquency is greater than 5% of the collateral. In the event the 60-day delinquency subsequently falls below 5%, the transaction will revert to pro rata pay
- Credit support to Class A is less than 7.5%, and once credit support increases to 10%, the transaction will revert to pro rata pay

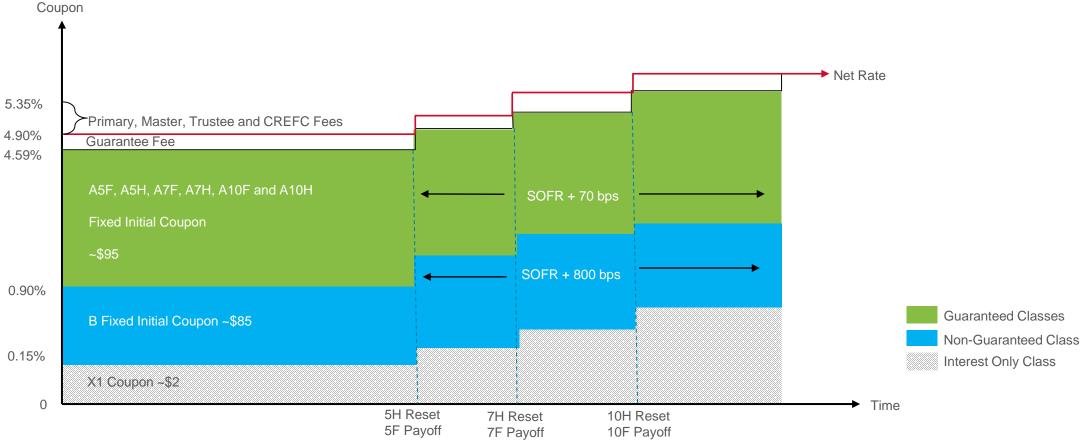

Each securitization will have a clean-up call (Optional Termination) when the collateral balance reaches 5% of the original pool balance, as outlined below

 The holders of a majority interest of the Controlling Class (excluding Freddie Mac), the special servicer and any third-party master servicer, in that order, will each in turn have the option to purchase all of the SBL Loans and all other property remaining in the Trust on any distribution date on which the total stated principal balance of the mortgage pool is less than 5% of the initial mortgage pool balance

<sup>&</sup>lt;sup>1</sup> Principal is distributed pro rata, unless a Waterfall Trigger Event has occurred and is continuing

<sup>&</sup>lt;sup>2</sup> SB-102, SB-103 and SB-104 are fully guaranteed

# Sample SB-Deal Rate and Coupon Structure<sup>1</sup>

Note: The graph above demonstrates the pro rata pay structure before a Waterfall Trigger. For actual bond pricing, the senior bonds assume a 5% CPR prepayment speed until the earlier of each underlying loan's maturity date or first interest reset date, at which time the loans are assumed to pay off in full. Pass-through rates (Coupon) for the fixed A classes pay a fixed coupon. Hybrid classes have a fixed coupon during the initial fixed period and then switch to 30-day Average SOFR + 70 bps. The pass-through rate for the X1 is based on residual cash flow after paying the As, B and Guarantee Fee. The B, after a period of receiving a fixed-rate from each group, switches to SOFR plus a margin. All are classes subject to capped rates per offering documents.

## Sample SB-Deal B-Piece Coupon Structure

- Freddie Mac sets the initial fixed-rate coupon for each class's fixed-rate period
- The B-piece component rates from each hybrid group will reset based upon the coupon reset date of the last loan in that particular group, at which time the B-piece component rate for that particular group will switch to SOFR + 800 bps
- After each component rate reset, the entire B coupon will continue to be the weighted average of each component.
   After the 10H component resets, the remaining hybrid classes will all contribute SOFR + 800 bps
- The B-piece coupon is subject to an available funds cap

| Loan Type | UPB<br>(\$Millions) | Balloon<br>Term<br>(Months) | Fixed Term<br>(Months) | Remaining<br>Fixed<br>Period | Month 1<br>(Initial<br>Fixed<br>Coupon) | Month 60 | Month 84 | Month 120 |

#### **Structural Diagram**

#### Breakdown of Investors (Classes A-5F, A-5H, A-10F, A-10H)<sup>3</sup>

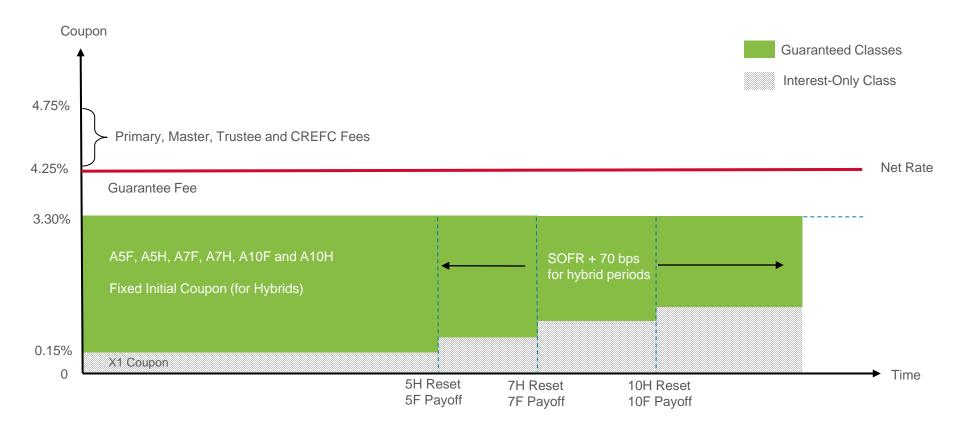

<sup>&</sup>lt;sup>1</sup> Assumes a 5% CPR prepayment speed until the earlier of each underlying loan's maturity date or first interest reset date, at which time the loan is assumed to pay in full

<sup>&</sup>lt;sup>2</sup> As of the Cut-off Date

<sup>&</sup>lt;sup>3</sup> As of the Closing Date

## **Sample SB-Deal Rate and Coupon Structure**

Note: For bond pricing, the senior bonds assume a 5% CPR prepayment speed until the earlier of each underlying loan's maturity date or first interest reset date, at which time the loans are assumed to pay off in full. Pass-through rates (Coupon) for the fixed A classes pay a fixed coupon. Hybrid classes have a fixed coupon during the initial fixed period and then switch to 30-day Average SOFR + 70 bps. The pass-through rate for the X1 is based on residual cash flow after paying the As and Guarantee Fee. All are classes subject to capped rates per offering documents.

## **SB-Deals Performance**

Freddie Mac is an active and consistent issuer of top-quality multifamily securities, featuring transparency and consistency on collateral and deal information

- As of December 2023, the SB-Deal program has grown to include:
  - 111 SB-Deal transactions<sup>3</sup>
  - \$41.4 billion in combined issuance
  - \$24.7 billion current outstanding balance
  - o 15,437 loans (original loan count)
  - o 98.9% of the SBL Loans are current
- 248 loans are assigned to special servicing (representing ~296 bps of outstanding principal)
- There have been \$61.4 million in total realized losses (representing approximately 15 bps of total issuance)

- 5,839 loans have paid off through December 2023
- 12.8% (1,310 loans) of the outstanding loan population (by outstanding principal) is on the servicers' watchlist<sup>1</sup>
- Deals SB-3, SB-8 and SB-19 are seasoned loan executions. Since SB-19, these kind of seasoned deals are no longer issued through the SB securitization path<sup>2</sup>

<sup>&</sup>lt;sup>1</sup> The respective primary servicers maintain a watchlist for each securitization. Loans are added to and removed from the master servicer's watchlist in accordance with criteria established by CREFC. View the <u>SB-Deal Performance Data</u> presentation for additional details.

<sup>&</sup>lt;sup>2</sup> These loans were originated by lenders that are not part of the Optigo network and the loans are not on Freddie Mac paper <sup>3</sup> SB-102, SB-103 and SB-104 are fully guaranteed
