1. The DCR calculated for the partial-term interest-only and full-term interest-only period uses an amortizing payment.
2. Adjustments may be made depending on the property, product and/or market.
3. For partial-term interest-only loans, there must be a minimum amortization period of 5 years for loans with terms greater than 5 years. Acquisition loans with 5-year terms may have up to 1 year of partial-term interest-only. For terms of 10 years or more, loans may have interest only in an amount equal to no more than half of the loan term.
