2 The DCR calculated for the partial-term interest-only and full-term interest-only period used an amortizing payment.
3 Adjustments may be required depending on the property, product and/or market.
4 For partial-term interest-only loans, there must be a minimum amortization period of 5 years. Acquisition loans with a minimum of a 5-year term may have up to 1 year of partial-term interest-only. For terms of 10 years of more, loans have interest-only in an amount equal to no more than half of the loan term.
