

# PRS/Reserve Reporting

## System Administrator Quick Start Manual

---

March 2024

## Table of Contents

Definitions .....	3
User Management.....	3
Adding New Users .....	3
Assigning Servicer Portfolio(s) .....	5
Editing Users .....	6
Making Users Inactive .....	6
Role Assignment .....	7
Note about User Role .....	8
Reset User Password.....	8
Appendix – Role Descriptions and Functions.....	9

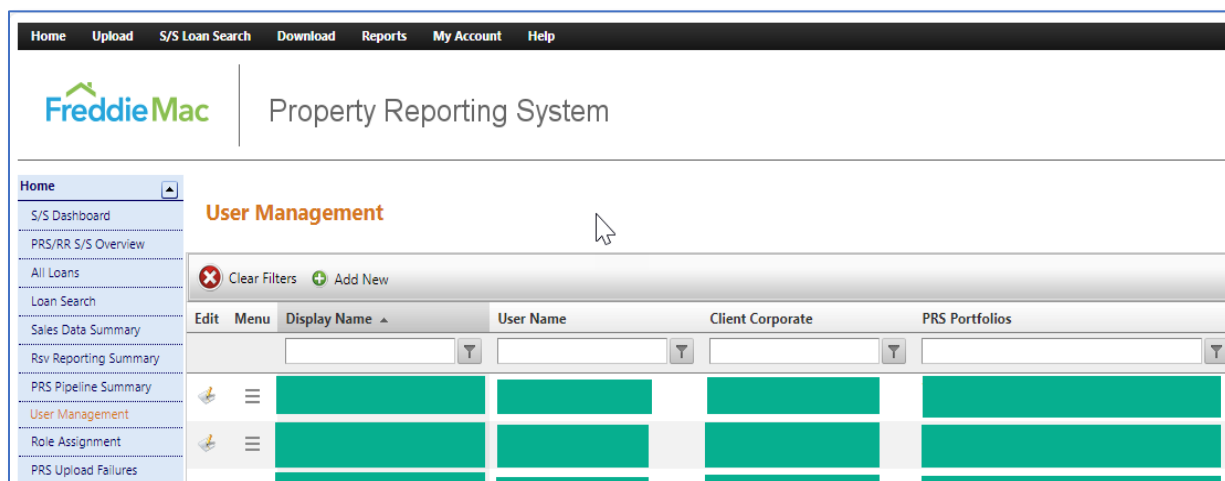

System administrators can add, edit, manage and inactivate users using the User Management and Role Assignment functions for Property Reporting and Reserve Reporting purposes.

## Definitions

- Users: Property Reporting System (PRS) and/or Reserve Reporting (RR) users
- Client Corporate: The parent company to which Freddie Mac has given the seller/servicer (S/S) administrative access to.
- Sub Companies: The portfolios associated with the parent company
- Role Assignments: See the Appendix

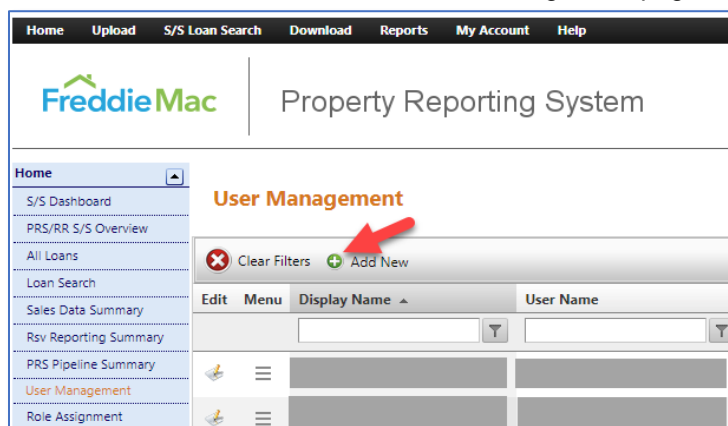

## User Management

The User Management screen allows system administrators to add, edit and inactivate users, and manage their relationship to their Client Corporate or parent company.

## Adding New Users

To **add** a new User to PRS, on the User Management page, click “Add New”

The grid expands and allows you to enter:

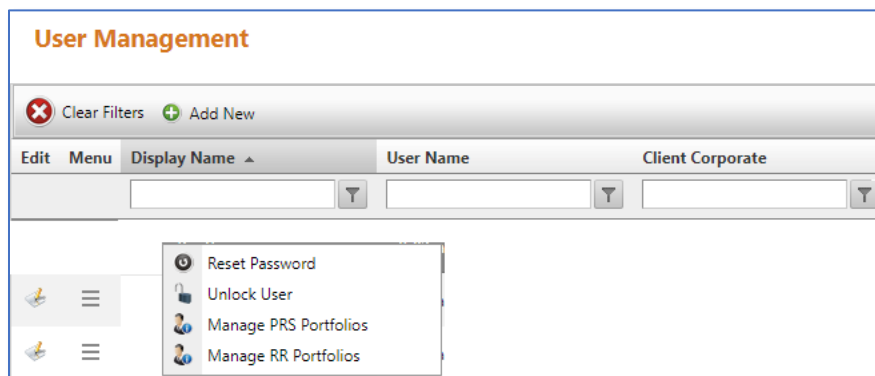

- Display Name
- User Name
- Client Corporate
- Email Address
- Active? (Check the checkbox)

\* Indicates a required field

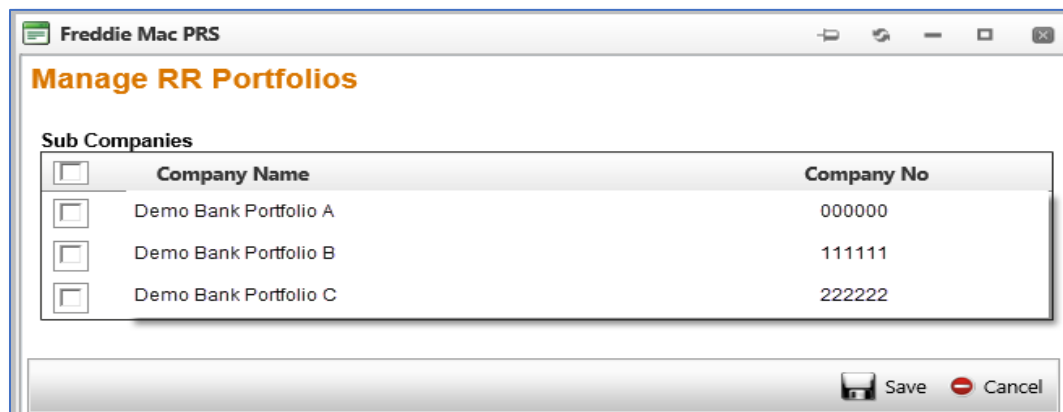

Once completed, click the disk icon to save.

## Assigning Servicer Portfolio(s)

1. To assign servicer portfolio(s), right click on user's name and select **Manage PRS Portfolios** or **Manage RR Portfolios**

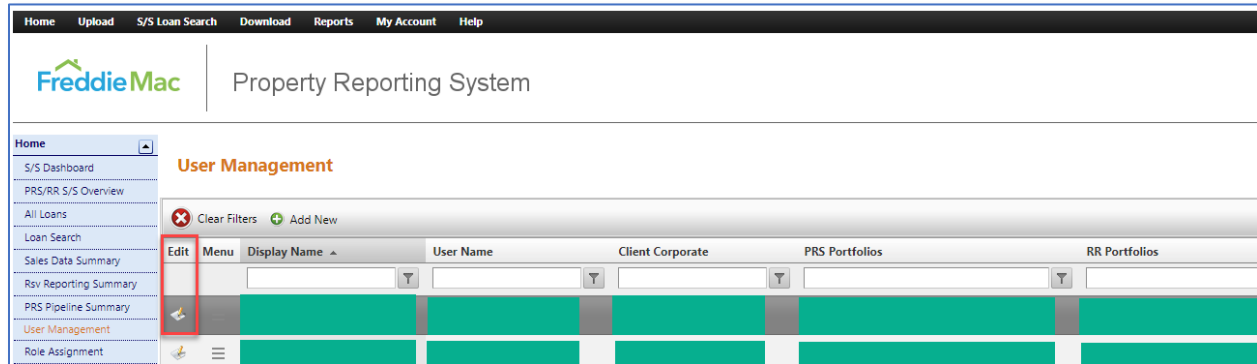

2. To assign a PRS or RR portfolio to a user, check the appropriate box that corresponds to Company Name and Company No.

**Note:** Existing (or new users) will have to have their PRS or RR specific portfolios assigned to their accounts independently (even if the portfolios are the same).

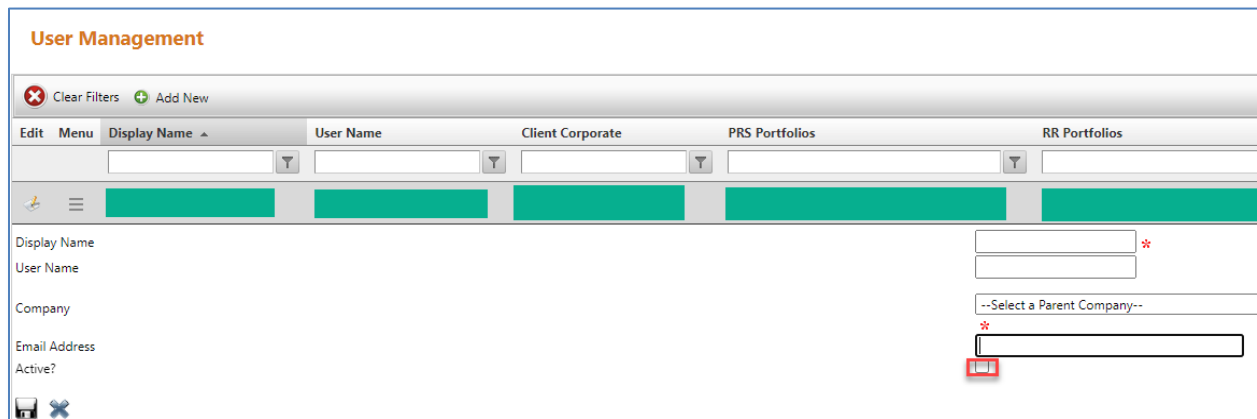

## Editing Users

To edit a user, perform a search of the user and click the “Edit” icon to edit the user’s profile accordingly. Once completed, click the disk icon to save the changes.

## Making Users Inactive

To **inactivate** a user, perform a search of the user and click the “Edit” icon. Uncheck the Active checkbox. Once completed, click the disk icon to save the changes.

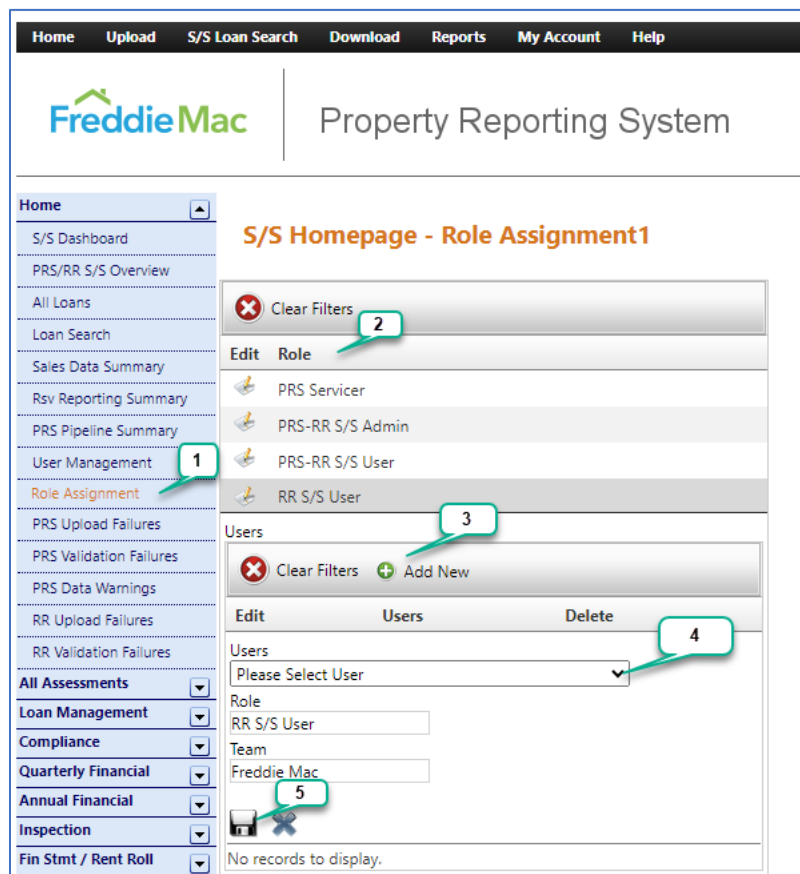

**Note:** Users cannot be permanently deleted but can have their account status inactivated by unchecking the “Active?” box accordingly.

# Role Assignment

The Role Assignment screen allows the system administrator to assign a role to the user. To assign a role to the user:

1. Go to the **Role Assignment** page
2. Select the appropriate role (refer to the Appendix for Role Descriptions and Functions) and click “Edit” to expand. **Note:** Seller/Service Admin has access to the User Management and Role Assignment pages, whereas the Seller/Service User role does not
3. Click on “Add New”
4. Select the appropriate user from the drop-down list
5. Click on the disk icon to **save** the changes

**Note:** The “Team” field is not utilized and will always be set to **Freddie Mac**

The screenshot displays the 'Role Assignment' interface. On the left, a navigation menu includes 'Home', 'S/S Dashboard', 'PRS/RR S/S Overview', 'All Loans', 'Loan Search', 'Sales Data Summary', 'Rsv Reporting Summary', 'PRS Pipeline Summary', 'User Management', 'Role Assignment', and various failure reports. The 'Role Assignment' page shows a table of roles with columns for 'Edit' and 'Role'. The roles listed are PRS Servicer, PRS-RR S/S Admin, PRS-RR S/S User, and RR S/S User. Below the table is a 'Users' section with a 'Clear Filters' button, an 'Add New' button, and a dropdown menu for selecting a user. The dropdown menu is currently set to 'Please Select User'. Below the dropdown are fields for 'Role' (set to 'RR S/S User') and 'Team' (set to 'Freddie Mac'). A save icon is located at the bottom left of the form.

## Note about User Role

A user can only have **one role** assigned to them at any time. For an existing user who needs to be moved to another role, delete them from the existing role and add them to the new role.

Example for an existing PRS user:

1. Delete the “PRS Servicer Role” from existing role

2. Add the “PRS-RR S/S User” role to that user

## Reset User Password

To send the user a temporary password by email, go the **User Management** page, right-click on the username and click “Reset Password”.

**Note:** The PRS system will automatically send a temporary password to the email address associated with the user.

## Appendix – Role Descriptions and Functions

Seller/Servicer Roles	Description	Functions
<p>PRS-RR S/S Admin</p>	<p><b>PRS-RR S/S Admin:</b> manages user access and role assignments for PRS and RR. This role provides access to PRS and RR functions.</p>	<p><b>User Access:</b></p> <ul style="list-style-type: none"> <li>• Set up seller/servicer employee and contractor access rights.</li> <li>• Maintain User Rights (passwords and deactivate users)</li> <li>• Assign portfolios</li> <li>• Assign roles</li> </ul> <p><b>PRS Functions:</b></p> <ul style="list-style-type: none"> <li>• Update Seller/Servicer Contact Information</li> <li>• View/Query Rights for Seller/Servicer Portfolio based on secure ID rights to legal entity portfolio</li> <li>• View the following Queues – Due, Waived/Suspended, Complete, Accepted for LMF/QIE/AIE/AIF Assessments</li> <li>• View Loan Details</li> <li>• View PRS Pipeline Summary</li> <li>• View PRS Upload Failures</li> <li>• View PRS Validation Failures</li> <li>• View and Update PRS Data Warnings</li> <li>• View and Run all Servicer PRS Reports</li> <li>• Upload Individual / Bulk Assessment Files</li> </ul> <p><b>RR Functions:</b></p> <ul style="list-style-type: none"> <li>• Update Seller/Servicer Contact Information</li> <li>• View/Query Rights for Seller/Servicer Portfolio based on secure ID rights to legal entity portfolio</li> <li>• View the following Queues – Due, S/S Under Review, FM Under Review, All, Accepted , FM Final Approval</li> <li>• Change Warning to FM Under Review or Accepted in S/S Under Review Warning Queue</li> <li>• View Loan Details and Warning Details from Accepted – Loan</li> </ul>

		<p>Queue</p> <ul style="list-style-type: none"> <li>• View Sales Data and Reserve Reporting Summary and Detail Pipelines</li> <li>• View RR Upload Failures</li> <li>• View RR Validation Failures</li> <li>• View and Run all Servicer RR Reports</li> <li>• Upload Individual RR File</li> </ul>
