### Western Region SBL Workshop is Almost Here!

Western Region producers and underwriters, [register today](#) for our **Optigo<sup>SM</sup> SBL Workshop in Irvine, California on Tuesday, July 16** – it's the last one this year!

Based on your feedback, we expanded the SBL Workshop agenda and cancelled the morning Optigo SBL Loan Lab. The workshop will now start at 10:00 a.m. and include a Quick Hits session, additional production & underwriting topics, more time to network and extra face time with us.

We'll cover a wider range of topics, including regional pricing, pipeline management, sales and rent comps, inspections and much more. We'll also provide breakfast, lunch and a well-earned post-workshop reception, where you can network with colleagues from across the industry.

### LST Submission Errors

SBL lenders have received errors when submitting a Loan Submission Template (LST). This is due to lenders checking an incorrect indicator, resulting in delayed funding.

Please make sure you leave the “Structured Loan Type” and “Blanket” fields **blank** in the Input Sheet or you will get an error.
