

# Making It Easier

## New B2B Loan Submission Pilot

We are piloting a new B2B submission channel for delivering Small Balance Loan (SBL) loan data to Freddie Mac. With this tool you'll be able to submit loan information from your system directly to the Origination & Underwriting System (OUS), decreasing manual entries and eliminating duplication.

If you're interested in participating in this pilot, please contact the [MF Service Desk](#).

This is one step in our journey to make doing business with us easier. With your partnership, we will continue down the path of automation and an improved customer experience.

## South Central Inspection Requests

Please send all inspection requests or questions related to Site Inspections to the South Central regional mailbox at [SBL\\_Scentral@freddiemac.com](mailto:SBL_Scentral@freddiemac.com) to ensure a timely response.
